her garden. I found a snail in the yard which might well be of record size.

Mr. Lewis Douglas, of Victoria Corners, west of Sunderland, reported one of her mammoth snails bloomed that it measured 10 inches in diameter. It is not known whether this is a record or not but it brings the snail into the same class as sunflowers.

More than 75 per cent of Denmark is under cultivation with more than 200,000 farms.

the left hand side of the road is a ridge of fine gravel to be mixed with the soil for surfacing the road. It is not merely gravel to be thrown away. There is absolutely no protection on the right or embankment side, and there is no warning sign at its approach. The residents of the area are afraid this condition may contribute to a serious accident. They are also at a loss to understand why, when the road was being altered, the gravel was taken from the danger point.

New IODE Chapter Called 'Blythe' For Reasons of Historical Interest

A new chapter of the I.O.D.E. has been formed in Lindsay by Mrs. George Weeks, a Provincial Officer of the order.

This Chapter has taken the name "Blythe" for reasons of historical interest. "Blythe" was the name given the form of John Kennedy, a good student, as the grandmothers were being entertained at this meeting.

Mrs. M. Swenson, last vice-president, was in charge, with Mrs. Rose Ferguson, taking the meeting's place after the opening exercises, the business portion followed. Correspondence was read by Mrs. Bell. It was passed that the next convention of \$25.00 be given to the fair boys.

A bus is to be chartered to a service to the members and ladies leaving to attend the Exhibition. Mrs. P. Gould is to look after same. Eighty-five were paid and the roll call was answered by "How to keep from growing old."

The following programme was enjoyed. Current events by Mrs. Edgar McGuire, readings "Ma and Her Chick Book" by Mrs. P. Gould. A splendid lunch was served.

The grandmothers' group, number 17, were asked to come to the front and each was presented with a gift. Mrs. Blythe on behalf of the honored ones thanked all for their contribution.

The meeting closed by repeating the "Mary Stevens' Collect" and "The Queen." Mrs. Coni Barry and her group served a lovely lunch.

CCF Favors Govt. Control Of Television

OWASO, Sept. 9.—BUP-CCF National Leader M. J. Colwell said the Canadian Broadcasting Corporation must be brought under government control or private television industry in Canada to prevent the airing of falsehoods which might have an adverse influence on young people.

Colwell, vice-president of Prime Minister Loughe's Laureate's Institute in Ottawa, said that the CCF would try to pressure the Canadian network into censoring its programming.

"I am not seriously perturbed by the fact that the private television stations which the government plans to allow to operate in Canada will purvey the type of program which has been causing so much concern in the United States, particularly with regard to its influence on the young."

It is to be hoped that the Prime Minister's statement, that government would not support the introduction of private television stations, would be taken as a statement of government support of private television operations, or allow the formation of private networks.

Colwell continued:

"The CCF will certainly continue a free whistleblowing campaign to the principle of government control of the facilities of both radio and television broadcasting, believing that an financial agency, like the CBC, can ensure the freedom of speech and a high standard of news programs and entertainment that can profit-seeking commercial broadcasting."

\$10 Damage, \$25 Fine

A Toronto man has been ordered, by Magistrate R. A. Orr to pay a first offence fine of \$25 for two years in an accident which was caused by a driver who was driving without giving his name and address. Damage in the accident on which the charges were set at \$10.

The accused, who was convicted of failing to give his name and address at an accident was fined \$25 in Lindsay Police Court.

Previously, the case was given by a Lindsay physician who told Magistrate Orr that the driver of an August 28 car was travelling along the Dundas-Burlington highway when he was involved in an accident with the doctor's car. False Alarms Pulled Out, Fire, Ambulance Services

Two false alarms, to two different services, were caused by two unknown persons or persons pretending to be a boy about 12 years of age over the weekend. The Lindsay Fire Department and Muskoka Ambulance were the recipients of two mysterious and, as it turned out, unnecessary calls.

The Lindsay Fire Department was the first to be alerted by a false alarm. At 8:30 p.m., a call came in stating that a fire was going out of hand at 105, Peter Street in the East Ward. The firemen responded but found that they had been misled.

Later, the same evening, another telephone message was received by Bruce McArthur, operator of fire and ambulance service. The caller reported an accident on the Peaseville Highway and asked for fire and ambulance. Mr. McArthur took the ambulance false report to the house of the person who had called. The ambulance was sent to the house of the person who had called. The ambulance was sent to the house of the person who had called.

Convinced Webster, commenting on the two calls, says that someone is having hidden motives for a term in jail by playing false alarms and waste others' time. He said that he was not injured in the accident and even then the car looked as though it had been involved in an accident.

Lindsay (Continued from Page 1) while matter should have been settled in the County Council meeting by the Lindsay residents. The residents were not injured in the accident and even then the car looked as though it had been involved in an accident.

Mr. Burns claimed that he had been told by the Windsor of the County Council meeting. He said that he was not injured in the accident and even then the car looked as though it had been involved in an accident.

Warns Against Raising "Soft Lot" Of Pupils

Toronto, Sept. 17.—(U.P.)—Ontario Education Minister W. D. Lindsay has warned against raising "soft lot" of pupils attending to two late elementary grades.

He urged teachers not to try to force over hard work and called for a discipline of the type which characterizes the parents of this country.

He said, "young people must get back to real educational and unemotional reality. I don't know what will come of this country." Education Association, which is holding a meeting in Toronto.

Other delegates charged that principals as big schools are being forced to create for office boys and must handle so many reports and requests they don't get into the classrooms as a rule.

Chief Inspector Joseph K. Rogers of Montreal says some school systems use a highly paid principal as a glorified janitor for which they should hire an 18-bundred dollar a year secretary.

He said, "Principal have become little other than office boys." Speaker, Dr. M. K. Lamer, former Dean of Education at the University of Alberta, said many new teachers go out without knowing the "why" of teaching.

The "Finnish Settlement"

One of Fairbairn County's Most Interesting Communities

One of Fairbairn County's most interesting communities is the "Finnish Settlement," on the southern shore of Channing Lake. One of the most interesting features in the settlement is that of Mr. and Mrs. John Plink.

At the Plink home it is possible to see a real Finnish furnace which burns a fireplace and is usually a combination of both. A "sauna" or Finnish steam bath, and a collection of over 200 Finnish pictures.

If you are English and visit Mr. and Mrs. Plink, it is Mrs. Plink who will speak for the Plinks because Mr. Plink has too much to say about English for all that he has been of years in Canada.

Plink's first interest in the Finnish settlement was in the collection of Finnish pictures. He has a collection of Finnish pictures which he has collected over the years.

Flower Diet

One lady was good and neat when she found a champagne had bubbled all the bubbles off, she prize champagne. They seem to be history yet the eaters and other lives are just laden with odious. They are also just waiting for the right time to bring it in the house and the lady were starting to be aware of bloomers.

Winter Bounties

It will seem to be to go gathering those attractive winter bounties and interest and many others that find themselves when used in winter bounties. A little plant will give the right color for your room and it is surprising how they can charm a room. You'll be better the bounties about the flowers and all you have to do is hang it up to dry or the plants will come out.

Good Season

There is one thing certain that there isn't nearly as much profit to eat this year on account of the lack of rain. It would be interesting to know the real length of the growth but the lawn mow had a long time of it this summer, but the

the words grew up just the same and the words were not the same. They have been very good and were all enjoyed during the good weather. We wouldn't be surprised if there are some really super vegetables that will last for a year. There should be no loss of competition for the prize.

Postmaster At Donald 28 Years

The man who has been postmaster in the Hamilton County Village of Donald for the past 28 years, J. R. Emmerson, has also opened his own general store in the village, doing so Sunday afternoon at a ceremony attended by Donald residents.

Mr. Emmerson was a native of Toronto and was 37 years old when he was appointed postmaster in 1935. During those years, Mr. Emmerson successfully opened a general store in the village and for 28 years was village postmaster.

A member of the Anglican Church, Mr. Emmerson took a considerable interest in community affairs. He was a valued member of the Hamilton Red Cross campaign for a number of years, retiring only last year. During his years of association with the Society, he was always active in their annual campaigns.

Mr. Emmerson celebrated his 57th birthday on September 13th, and although he has been in poor health for the past few years, his passing came as a shock to the community.

Hamilton Junior Fire Brigade Helped Canada's Fire Service

There's something different in the way of youth organizations at Ontario. It's an organization which offers interested boys a chance to protect their homes and at the same time have some fun. It is called the Ontario Junior Fire Brigade.

The Ontario Junior Fire Brigade is believed to be the only organization of its kind in Canada. It is the brainchild of Chief W. K. Stevens and the ground work was done by the chief assisted by J. W. McKee, promoter of Mac's Lunch, Ontario.

Chief of this junior brigade is Bill McKee and he was appointed by the 11 members who serve with him. Membership is open to youths between the ages of 14 and 18 and those now enrolled are Bill McKee, Leonard James, Robert P. Bogue, Harry, Don Mitchell, Dale Robinson, Dean Linton, Douglas Bouché, Linton, Thomas B. Hays, Ronald, Donald Mackey and James O'Hara.

The chief of this brigade is to assist the senior brigade in any way of sort of actual fire fighting. Chief Stevens says the boys are to guard duty at the home of a fire and to help in the fire.
